

# ProGuard

## Residential Oil Tank Cleanup & Replacement Plan

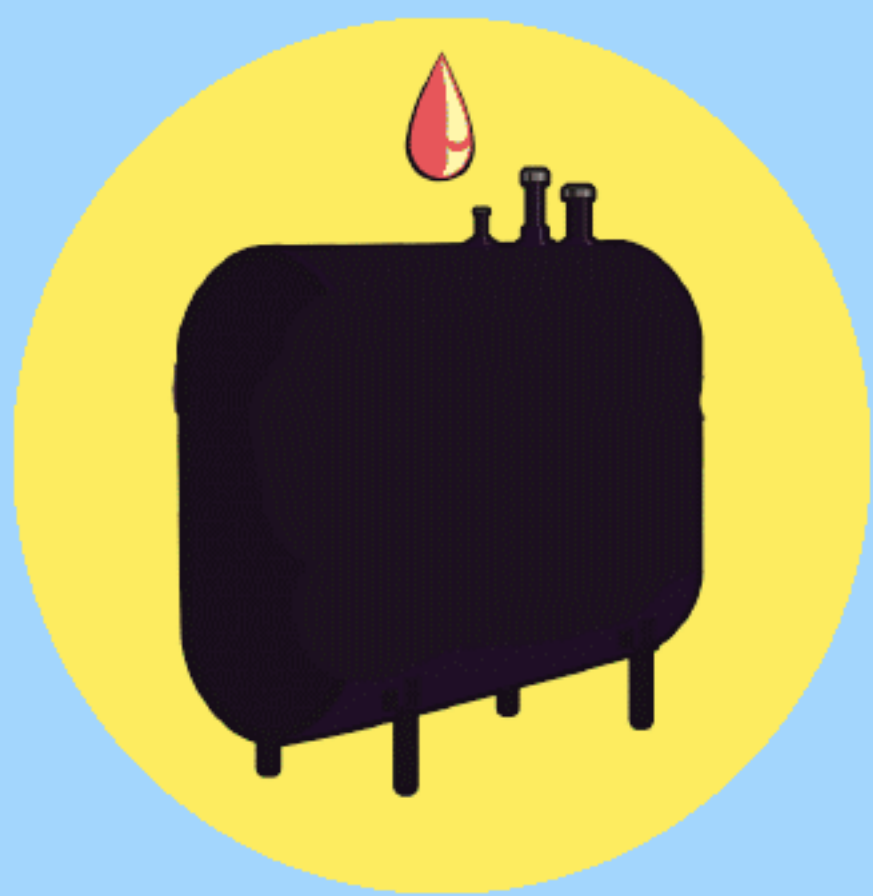

ProGuard offers residential oil heat customers protection for underground and aboveground oil storage tanks and lines. Should a release ever occur, you can feel completely secure.

### CLEANUP PROTECTION

Provides up to **\$50,000** towards cleanup of an accidental release from an **aboveground tank**.

Provides up to **\$100,000** towards cleanup of an accidental release from an **underground tank**.

### TANK REPLACEMENT LIMIT

Provides up to **\$1,500** towards tank replacement in the event of an accidental release.

**Pro-active tank replacement** for aboveground oil tanks when required.

### ENROLLMENT

**Simple application** can be completed by mail or online at [www.PowderhornAgency.com](http://www.PowderhornAgency.com).

Underground oil tanks require a passing tank tightness or soil boring test completed within the past 12 months.

### ADDITIONAL BENEFITS

Protection for releases from both the tank **and** the oil lines.

Provides cleanup for both **first and third party** protection.

**Transferable** to an eligible new homeowner.
